My opinion is the far west is the best route
The City of Paynesville just Annexed Property to the
North of town which I believe would allow the
Far west route to touch the city limits and be
~~the~~ the best route

Also Enclosed is a petition in opposition ~~to~~ the East Route
From Koronis Hills C.C.

P.O. Box 55

THANK YOU FOR PARTICIPATING IN THIS PUBLIC INFORMATION MEETING.

HIGHWAY 23 BYPASS PETITION

We, the undersigned, understand that there is a proposal for a Highway 23 Bypass, south of the City of Paynesville. The initial proposals indicate that the Bypass would cause the elimination of the Koronis Hills Golf Course driving range, maintenance garage, and portions of the second hole, including the green. We would like those involved in making the decision on where to put the Highway 23 Bypass to know that we oppose the proposed south Bypass. Koronis Hills Golf Course is a first rate recreational facility and this south Bypass would cause irreparable harm to the routing integrity and viability of the golf course.
